Product Categories

PLUS Range

Seven unique pure herbal supplements formulated specifically for competition horses and ponies. Fast acting concentrated formulas to help support all aspects of your equine athlete's health.

PAGE 01 - 04

Mobility & Seniors

A great range of herbal supplements and topicals to keep your horse's joints, muscles and connective tissues at their best, whatever the age. Our ingredients have been selected to support mobility, flexibility, vitality and the body's normal response to injury, inflammation and general ageing.

PAGE 08 - 10

Digestion

Carefully selected blends of soothing herbs and tinctures, designed to support the whole digestive system, whilst maintaining digestive tract health, pH balance, nutrient absorption as well as normal liver, kidney, bowel and metabolic function.

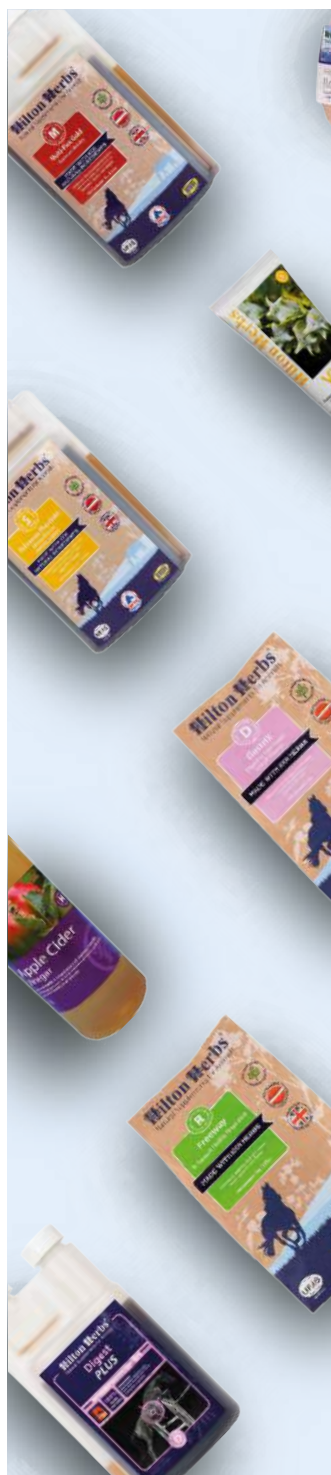

PAGE 11 - 12

Nerves & Hormones

Gentle yet powerful dry and liquid herbal supplements to help maintain a normal, strong, healthy nervous system, whilst supporting calm, steady behaviour, balanced hormones and physical comfort for mares, geldings and stallions.

PAGE 14

Coat & Skin

Field trialled herbal supplements, soothing lotions and creams to support your horse's natural resistance and response to biting midges and flies, skin irritations, muddy, damp or humid conditions. Our great range of products for both internal and external use will maintain year-round coat and skin health.

PAGE 16 - 18

Special Support

The complete range for your horse - supplements and creams to support a normal healthy balanced endocrine system, a strong and effective immune response and help soothe sore or irritated skin.

PAGE 19 - 20

Respiration

Powerful effective liquid and dry herbal supplements to support normal, healthy, effective respiration and a strong natural immune response to airborne respiratory irritants such as dust and pollen throughout the seasons.

PAGE 22

General Health

A varied range of dry and liquid traditional herbal blends, the latest herbal combinations, natural source vitamin, mineral and salt supplements to help keep your horse looking great and in the peak of health all year round.

PAGE 23 - 26

Treats

Healthy herbal treats, made with all natural ingredients, free from molasses or added sugars, so you can 'treat' your horse or pony as often as you want. Suitable for 'Good Doers', IR, EMS horses and ponies requiring a low sugar or starch diet or those on restrictive grazing.

Hilton Herbs®

Expertise - Quality – Dedication & Environment

Hilton Herbs was founded in 1989 by Hilary and Tony Self, when they launched their range of herbal supplements focused on supporting the health and well being of horses and pets. Whether you are new to us or have been with us for a while, our team is here to offer you friendly advice and information that will help you choose the best products for your animal's needs. Transparency and traceability are our moto when it comes to our products' ingredients. Feel free to get in touch with the team by email, phone, social media, or via Herby the HelpBot on our website.

All our supplements and topical products are formulated by Hilary Self, BSc. (Hons) MNIMH our Medical Herbalist. Our products are made in our own purpose-built facility, using only the finest quality ingredients, guaranteed free from by-products, fillers, artificial colours or additives. Uncompromising on quality, our manufacturing facilities are inspected and independently audited annually, to ensure our manufacturing procedures fully comply with the very latest British, US and European standards of good manufacturing, safety, traceability, and quality control.

As producers of natural healthcare supplements, we care as much about the health of our planet as we do for your horses and pets. Therefore, we are doing as much as we can to reduce our impact on the environment by lowering our carbon "hoof" print, reducing waste, recycling more, choosing greener packaging and even printing this catalogue on FSC paper.*
